ABOUT US

Orfèvrerie Royale was officially created in 2017, but its roots date back to 1974, when the renowned French house Christofle — a world reference in luxury silverware — opened its production unit in São Paulo.

José Corrêa, who participated in the founding of the operation in Brazil, stood out as a workshop manager and, years later, created Polimentos Corrêa with his sons, becoming an official supplier to Christofle.

Sylvain joined Christofle in 2000 and, upon taking over the management of the Brazilian unit in 2004, joined forces with José to preserve **French savoir-faire** in the country.

In 2007, with the closure of local production by Christofle, they both took over full production in **Brazil**.

In **2017**, the creation of the **Orfèvrerie Royale** brand marked the beginning of a new era, with its own identity, exclusive collections, and expansion into new markets.

Since then, the brand has been consolidating its presence in Brazil and abroad, participating in trade shows such as Maison & Objet (Paris), Ambiente (Frankfurt), and ABUP (São Paulo), among others around the world.

In addition to developing and marketing its own creations, **Orfèvrerie Royale** proudly maintains its long-standing partnership with Christofle, producing pieces that attest to the **excellence of its work**.

With lines focused on **Tableware, Bar, Decoration** and high-end **hospitality**, the brand stands out for offering versatile, elegant, functional and sustainable pieces, recognized for their artisanal excellence and refined aesthetic.

TERMS

PRICING TERMS

Prices are in Euro. They may be revised in case of rates variations. We do not work with discounts, as we offer a very competitive price, regarding our level of quality, directly from Manufacture to you.

PACKAGING TERM

ARTICULATED SUPPORT

The ARTICULATED SUPPORT consists of an articulated base and four presentation pieces (bowls and plates) that fit into the base and can be customized by the customer. The components are **sold separately**, allowing the customer to create versatile arrangements according to the occasion and facilitating replacement during service.

HORECA HOSPITALITY

CHAFING DISH

CHAFING DISHES ARE MADE OF 3 PIECES:

1 - Base: Lower section with metal structure, housing the burners. Choose the shape, size, and design.

2 - Bain Marie (optional): Used to indirectly heat food. It sits on the base and is filled with water.

Tip: Ideal for delicate dishes, sauces, or long-lasting dishes.

3 - Pan or tray: You can use the pans and trays directly on the base or over the bain-marie.

Choose between two visual formats:

- Straight: more classic and uniform look
- Wave: wavy cut at the edges

It is also possible to use more than one TRAY or pan on the same base, depending on the size.

3 - TRAY

2 - BAIN MARIE

1 - BASE

CHAFING DISHES

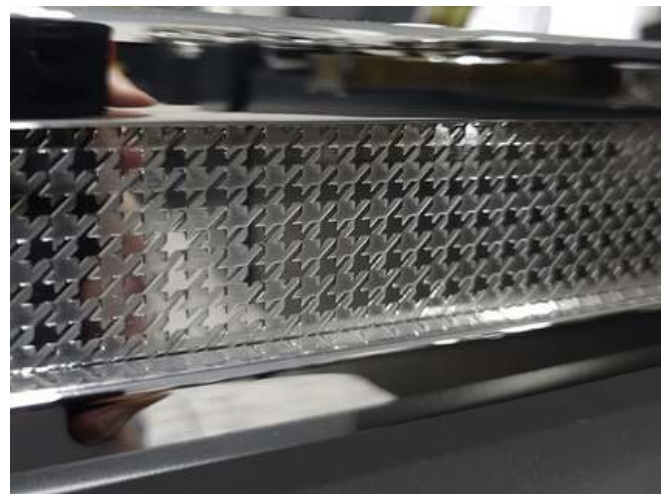

CHOOSE BASE DESIGN

This is the design on the side of the base.
It can be done with chemical etching or laser cutting.

All chafing dishes can be produced with the following designs:

SAINT TROPEZ

INES

ALHAMBRA

FOLHAS

ROUND CHAFING DISH

A classic and functional model, the Round Chafing Dish is ideal for highlighting your dishes, with the Straight or Wave.

It is available in 30cm and 40cm diameters.

For pans with lids, there is an optional hook that allows you to hang the lid during service, ensuring greater convenience and organization.

Its compact design offers versatility to complement different buffet styles.

ROUND CHAFING DISH WITH FIXED LID

Functional and practical, the Round Chafing Dish with Fixed Lid offers ease and safety during service.

With a hinged lid that can be lifted and held open, the model allows easy access to preparation while maintaining a protected presentation when closed.

Available in 40cm diameter, its sturdy structure combines straightforward design and efficiency to complement any buffet.

CHAFING DISH OVAL

Available in three sizes—110x32cm, 73x32cm, and 50x32cm—this oval model combines practicality and elegance for your buffet.

Compatible with Trays or ø30cm pans, it allows you to present different dishes in a single chafing dish, simplifying service and ensuring a sophisticated look.

The 73cm model fits two pans, while the 110cm model accommodates up to three.

CHAFING GRILL

With a marble griddle over two alcohol-based burners, this chafing dish keeps meats, seafood, and vegetables at the ideal temperature for much longer after they come off the grill, without burning or drying out.

The groove on the edges of the griddle, with a hole for juice drainage, ensures that flavors are preserved and the presentation is always impeccable.

Available with or without a double lid for better heat retention.

CHAFING DISH CURVA

Designed to innovate your buffet presentation, the Curva Chafing Dish features a modern and exclusive design.

Comprising two complementary models—the Large Side, with a 78cm decorated side, and the Small Side, with 32cm of decoration—they can be combined to create seamless and striking compositions.

Each piece accommodates two ø30cm pans, or the Curva Trays (in the Wave or Straight models) and Curva Bain-Marie models, offering versatility for different preparations.

COMPACT OVAL CHAFING DISH

Designed for smaller events or to complement your buffet with sauces, sides, and smaller portions, the Compact Oval Chafing Dish is available in two sizes—70x21cm and 50x21cm—that ensure practicality and sophistication even in limited spaces.

The ø23cm, ø17cm, and ø12cm pans, as well as the 70cm tray, offer versatility for different presentations.

The 70cm model can accommodate two ø23cm pans or three ø17cm pans; the 50cm model can accommodate two ø17cm pans or three ø12cm pans.
