# HERITAGE & SAVOIR-FAIRE

Orfèvrerie Royale is the continuation of a French silversmithing tradition, established in Brazil more than five decades ago. A story of passion, transmission and excellence that lives on through every piece we create.

## 1974

### THE BEGINNING IN BRAZIL

The prestigious French house Christofle opens its production unit in São Paulo, bringing French silversmithing expertise to Brazil.

## 2007

### A NEW CHAPTER

With the closure of local production by Christofle, José Corrêa and Sylvain take over the manufacturing, preserving the savoir-faire and investing in tools, workshops and processes to elevate quality to new heights.

## 2017

### THE BIRTH OF A BRAND

Orfèvrerie Royale is born, with its own identity, exclusive collections and a vision focused on design, quality and sustainability.

## 2026

With a marble griddle over two alcohol-based burners, this chafing dish keeps meats, seafood, and vegetables at the ideal temperature for much longer after they come off the grill, without burning or drying out.

The groove on the edges of the griddle, with a hole for juice drainage, ensures that flavors are preserved and the presentation is always impeccable.

Available with or without a double lid for better heat retention.
